

Dear DOT workers,

Feb 11, 2014

Thank you for all your hard work. Thank you for taking the time out of your day to make sure that the roads are safe for us at 2:30 in the morning. Also thank you for pulling cars out of ditches when we're in trouble. Also thank you for putting salt on the roads and risking your life so we don't get injured. I think what you do is very kind and sweet. Thank you very much for what you do!

Sincerely,

Angelina Gomez

Dear DOT workers,

Thank you so much for all you have done for us. It means a lot that you get up at 2:30 AM to see if there is any problem. It also means a lot that you risk your lives going out when there is ice and snow and removing it, putting salt, and removing all the trees from the roads for us to drive. So thank you! I appreciate your dedication.
