

Infrastructure Recovery Monthly Report

MAY 13, 2016

SPECIAL POINTS OF INTEREST:

- 25 flood impacted bridges being fasttracked for replacement
- 18 bridge replacements have been awarded to contract
- 24 roads are still closed due to dam breached.
 Road and bridge repairs will begin once DHEC certifies the dam owner's repair or abandonment
- Road and bridge repair costs estimated to be \$137 million
- SC's share of road and bridge repairs projected at \$49 million

Road Closure Update

Two Bridge Replacements Completed in April

SCDOT opened three additional flood related closures in April. Two of the three closures required full bridge replacements completed as part of our fast

track, design-build packages. Full bridge replacement on SC 48 (Bluff Road) in lower Richland County was completed and opened on April 22.

The Congress Road bridge replacement, also in Richland County, was completed on April 20.

Also, in Williamsburg County, Old Georgetown Road was opened on April 29, following extensive road and culvert repairs.

SCDOT continues to fast-track remaining bridge closures and monitor all other flood impacted bridges for signs of latent damage.

Bridge over Toms Creek on Bluff Road in Richland County opened April 22, 2016

Private Dams, Public Roads

Establishing a Path Forward for Dam Owners

During the October floods, dozens of dams failed across South Carolina. Today, 24 roads are still closed due to dam breaches. SCDOT does not own or maintain dams. and is unable to perform any road repairs adjacent to the dams until the Department of Health and Environmental Control (DHEC) has certified the

dams.

DHEC is actively working with dam owners to establish the best path forward at each site. In some cases, the dam owner is considering permanently abandoning the dam and restoring the natural stream flow. For these cases, DHEC will work with the dam owner to certify the permanent breach and, if

approved, SCDOT will install the necessary structures to move the water under the roadway.

Of the 24 dams impacting roads, 7 are currently unregulated by DHEC. SCDOT is working with dam owners at these 7 sites to follow the DHEC process for repair or abandonment.

Roadway Closures (as of May 13, 2016)

"Seven months

after the historic

flood, we

continue to

prioritize the

safety and

efficiency of our

road network."

-Christy A. Hall, PE

Secretary of

I ransportation

42 road closures

remain in South

Carolina. This

is down 92%

from the peak

closure of 541

roads.
